# Dr. Phil Hendrix Bio

---

As the founder and Managing Director of immr, Dr. Hendrix helps leading companies and startups succeed in highly competitive, technology-driven markets. For more than 20 years he has helped Fortune 50 companies as well as entrepreneurs develop compelling value propositions, [validate product-market fit](#), and spur adoption and deployment of new solutions. Working at the intersection of digital, mobile, analytics and related technologies, Dr. Hendrix provides unique insights and guidance on topics such as data and analytics, engagement strategies and tools, and others.

As a consultant and advisor, Phil has guided dozens of enterprises and startups across a wide range of industries, including CPG, insurance (especially [health](#)), financial services, transportation, healthcare and others. While advising senior management he often works directly with their teams on innovation, customer experience, positioning, market entry and other challenges. Over the course of his career, Phil has helped clients conceive, pilot and successfully launch new products and services across both consumer and enterprise businesses. He has advised startups in markets as diverse as location and proximity, content discovery, customer engagement, healthcare and others.

As an analyst, Phil focuses on the implications and market opportunities afforded by emerging technologies. He has published more than 20 analyst reports on mobile, digital, and related technologies. Recent reports include [The Engagement Stack](#) and [The 6 Disciplines of Innovation](#) (links to additional reports below).

Phil is also a regular contributor at leading industry conferences, having presented at Mobilize, Structure:Data, Street Fight (hyperlocal), ad:tech, iMedia Summit, Social-LoCo, the World Summit Awards (Abu Dhabi), and others. He has also led and presented webinars and workshops for numerous clients, most recently a series of day-long sessions for senior leaders across business units of a Fortune 50 client (see excerpts from agenda and presentation [here](#)).

Before founding immr, Phil was a partner with [DiamondCluster](#) (strategy and technology consultancy, now part of PwC), founder and head of IMS (Integrated Measurement Systems), and a principal with Mercer Management Consulting (now [Oliver Wyman](#)). He has held faculty positions at Emory University and the University of Michigan, where he taught courses in marketing, research, and buyer behavior for MBAs and executives. While at Michigan Dr. Hendrix also held a joint appointment as a research scientist in the Survey Research Center, Institute for Social Research.

Additional information on immr perspectives as well as reports prepared by Dr. Hendrix is available at the links below.
